

# GIBRALTAR IS ENTERING RICH BODY OF ORE

Eighteen inches Steel Galena Encountered in Winze Sunk From No. 2 Tunnel

A wonderful showing of ore is reported as being in evidence on the property of the New Gibraltar Mining company. According to reports a solid body of galena put in its appearance Monday in the winze being sunk from No. 2 tunnel level, the width of which is 18 inches. The ore is unquestionably of a high grade and carries good values in silver and lead.

The driving of No. 3 tunnel, which is in progress, is progressing satisfactorily considering the character of the ground. According to surveys the objective lies about 60 feet distant and it will probably be two weeks before the vein is reached. That the orebody will be found to be persistent is generally conceded by mining men familiar with the formation and in view of the fact that an additional depth of 125 feet will be secured under tunnel No. 2 workings, the possibilities of the mine will be large in the event such proves to be the case.

## INSTRUCTIONS GIVEN CHRISTMAS PACKAGES

Postmaster McQuillan has received his instructions from the post office department relative to the handling of Christmas packages at an early date as the department expects to handle a big business this year. The department is desirous of making a record this year in the successful handling of the Christmas mail and to gain that end there must be a cooperation on the part of the patrons of the various post offices.

Regulations as to the packing and addressing of packages will be strictly enforced this year as well as the identification of the different classes of merchandise mailed. The postmasters will be held responsible for the errors made in classifying the contents of the packages and it will be necessary that those mailing packages inform the postmaster of the exact nature of the contents. In some cases packages contain articles that may spoil or break in transit and if the people in the post office know what the articles are they can dispatch them in separate sacks, properly marked which will insure safe delivery. It is the duty of the postmaster to open packages where there is a doubt about the nature of the contents.

Postmaster McQuillan is anxious to

give the best service possible and with the proper cooperation he will be able to keep the Tonopah office up to a high standard.

## SCHOOL TEACHER DIES

The remains of Miss Belle Duncan, aged 55, a school teacher employed at the Gendron Ranch in Lander county, were brought to Tonopah last night by Humphrey Kearns undertaker at Lander. Miss Duncan had only accepted her position two weeks previous to her death, having come from Berkeley, Calif. Heart failure was attributed as the cause of her death. The remains are at the local undertaking parlors and will be shipped Thursday to relatives living at Los Angeles.
